VIII - Law Enforcement Code of Ethics

As a law enforcement officer, my fundamental duty is to serve the community; to safeguard lives and property; to protect the innocent against deception, the weak against oppression or intimidation and the peaceful against violence or disorder; and to respect the constitutional rights of all to liberty, equality and justice.

I will keep my private life unsullied as an example to all and will behave in a manner that does not bring discredit to me or to my agency. I will maintain courageous calm in the face of danger, scorn or ridicule; develop self-restraint; and be constantly mindful of the welfare of others. Honest in thought and deed both in my personal and official life, I will be exemplary in obeying the law and the regulations of my department. Whatever I see or hear of a confidential nature or that is confided to me in my official capacity will be kept ever secret unless revelation is necessary in the performance of my duty.

I will never act officiously or permit personal feelings, prejudices, political beliefs, aspirations, animosities or friendships to influence my decisions. With no compromise for crime and with relentless prosecution of criminals, I will enforce the law courteously and appropriately without fear or favor, malice or ill will, never employing unnecessary force or violence and never accepting gratuities.

I recognize the badge of my office as a symbol of public faith, and I accept it as a public trust to be held so long as I am true to the ethics of police service. I will never engage in acts of corruption or bribery, nor will I condone such acts by other police officers. I will cooperate with all legally authorized agencies and their representatives in the pursuit of justice.

I know that I alone am responsible for my own standard of professional performance and will take every reasonable opportunity to enhance and improve my level of knowledge and competence.

I will constantly strive to achieve these objectives and ideals, dedicating myself before God to my chosen profession . . . **law enforcement.**

PERFORMANCE REPORTS

CPD 2019

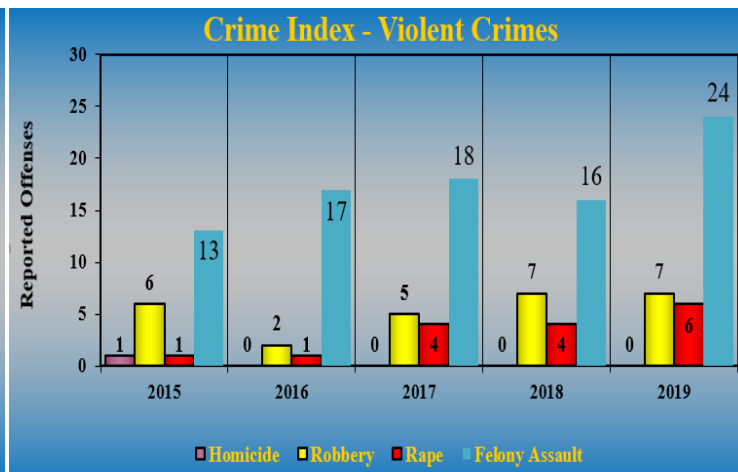

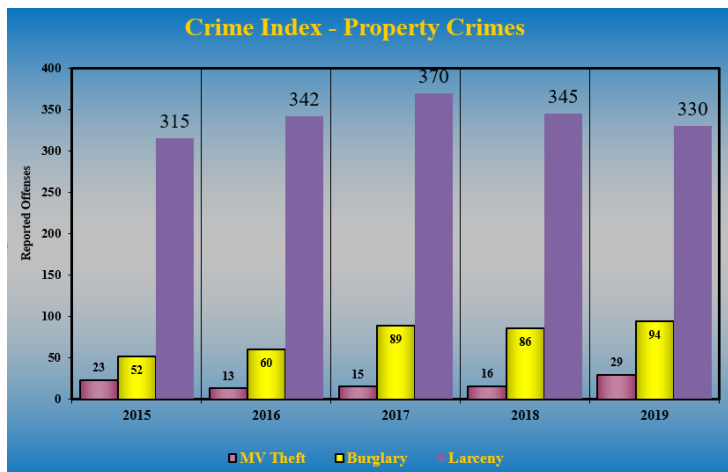

I- The Crime Index

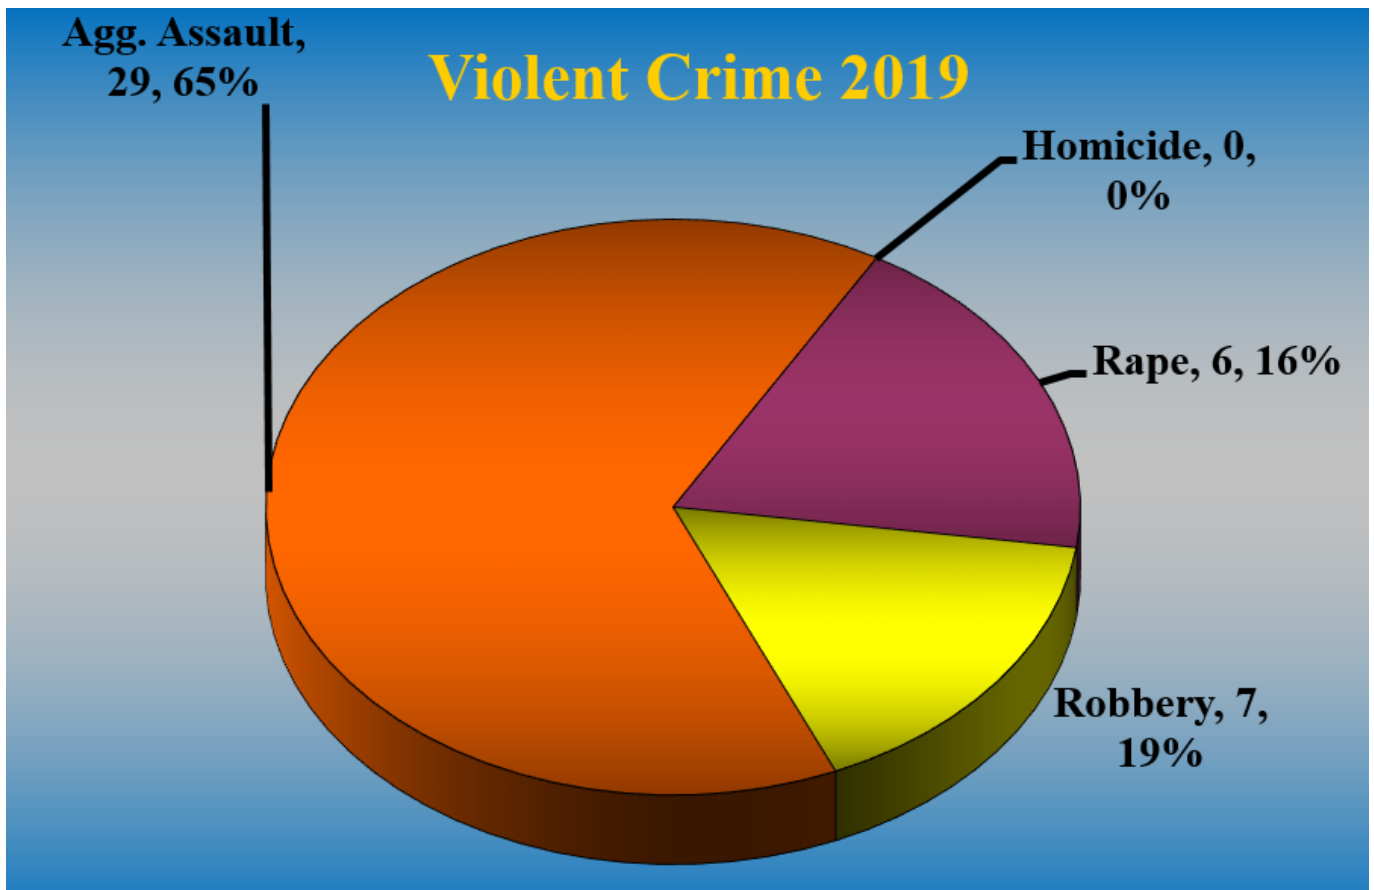

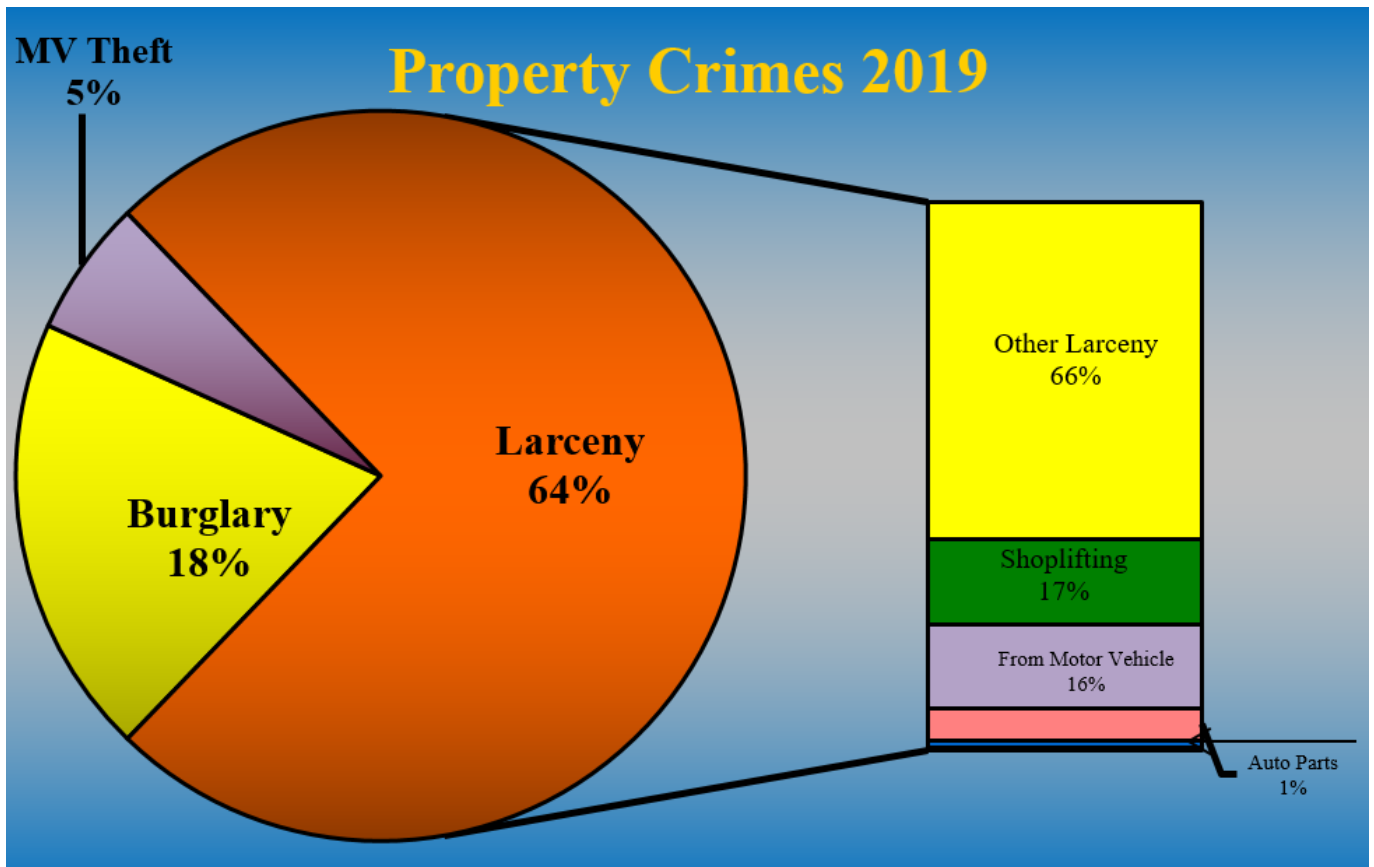

The Conover Police Department reports monthly the reportable crimes electronically to the North Carolina State Bureau of Investigation's (SBI) Research and Planning Division. The SBI and FBI compile the data at the state and national levels into the Uniform Crime Reporting Program (UCR). The UCR program is based on a Crime Index. The Crime Index consists of seven major crimes selected for their serious nature, their frequency of occurrence and on the reliability of reporting from citizens to law enforcement agencies.¹ The Crime Index includes the violent crimes of homicide, rape, robbery and aggravated assault; and the property crimes of burglary, larceny, and motor vehicle theft. The Crime Index is used when comparing crime rates and statistics for various cities, towns and counties across the United States.

¹State of North Carolina, State Bureau of Investigation, Index and Offenses Rates 2018-2019 Summary Reporting Data for Conover NC

2019 Features	
Most Frequent Month	November
Least Frequent Month	September
Most Common Offense	Larceny

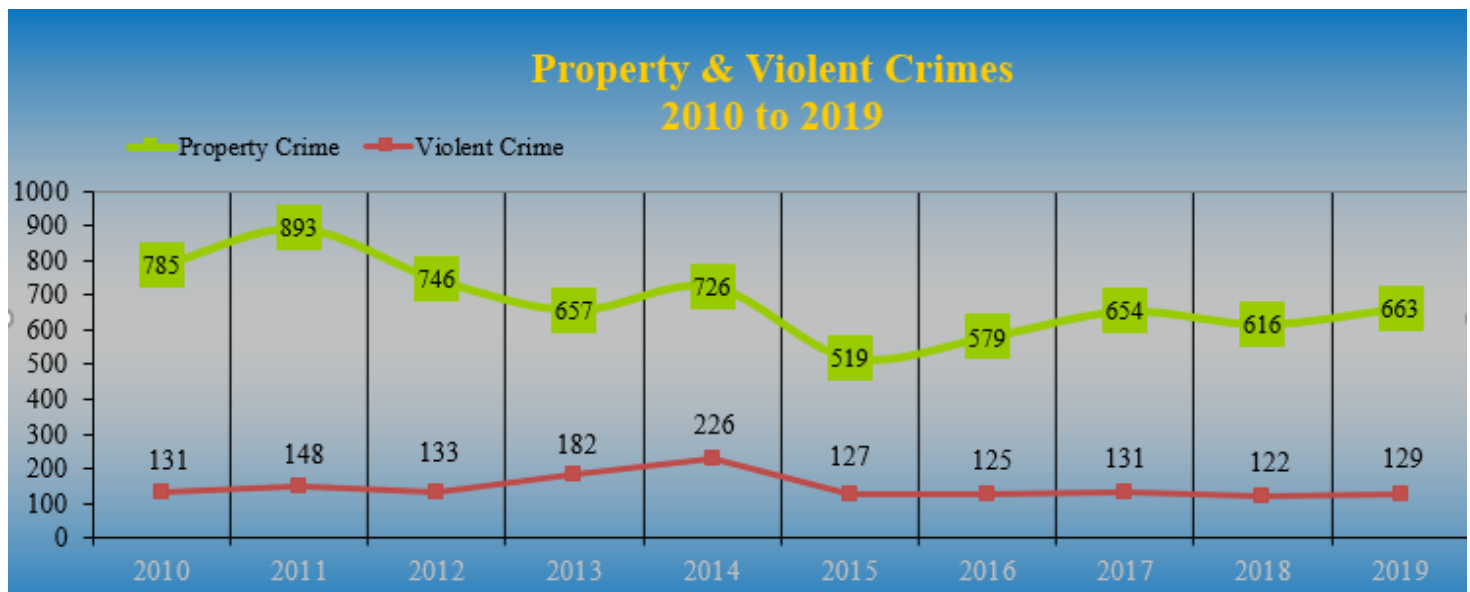

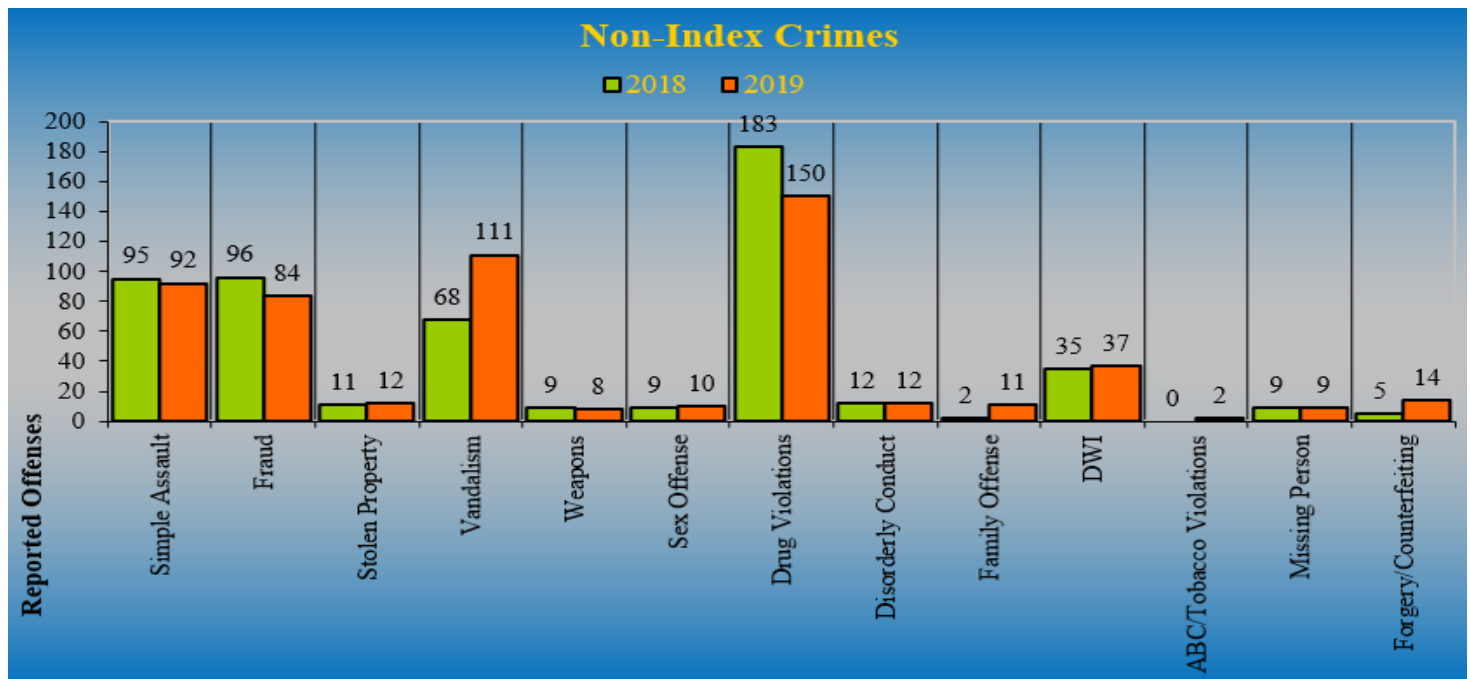

In 2019 the agency experienced an increase in the Part I Index Crimes. Motor Vehicle thefts increased from 16 to 29. Aggravated Assaults increased from 16 to 24. A increase was seen in Burglaries (9%), Robberies remained the same (0%), Larcenies decreased (-5%), Rape offenses increased (33%), and Homicide had no change (0%). There was 1 arson incident. The department continues to take a proactive approach by increasing community policing efforts and working to increase the number of community watch programs in neighborhoods. Citizen cooperation and participation are critical for a successful law enforcement agency.

II - Non-Index Crimes

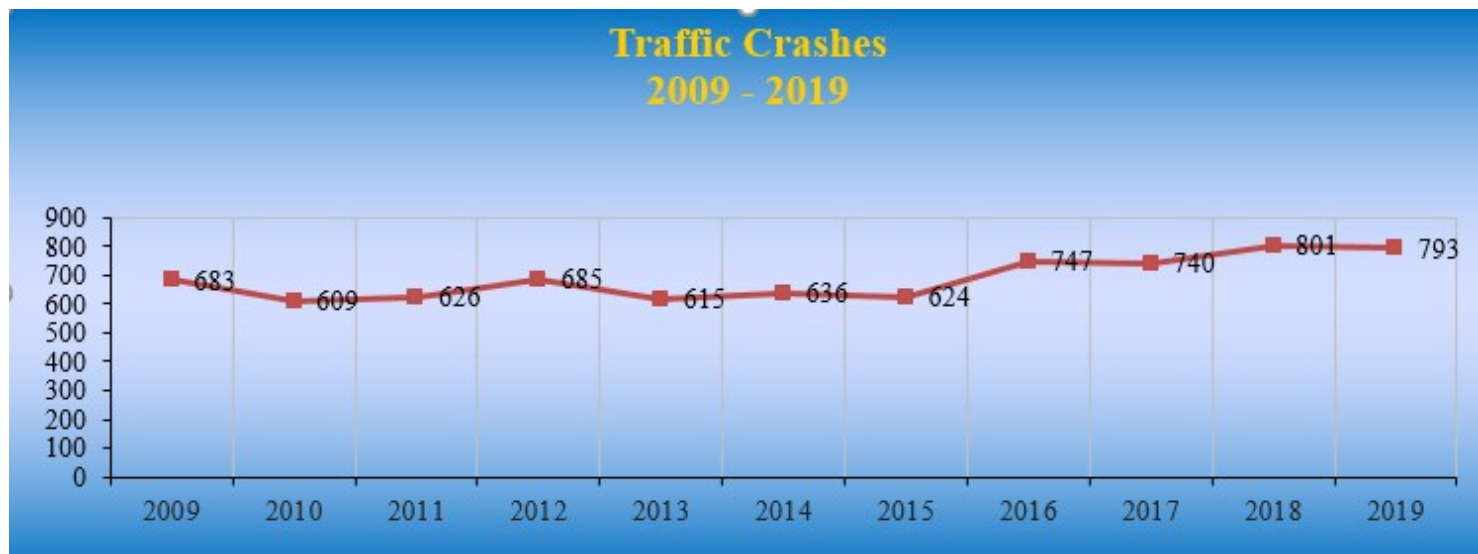

The Non-Index crimes include all other crimes or incidents reported during the year. There were 534 non-index crimes reported in 2018 compared to 552 in 2019. These crimes are taken seriously as many times they are an indication of the quality of life in a community. Graffiti and other types of vandalism may indicate gang activity and increases in simple assaults, drug offenses, disorderly conduct,

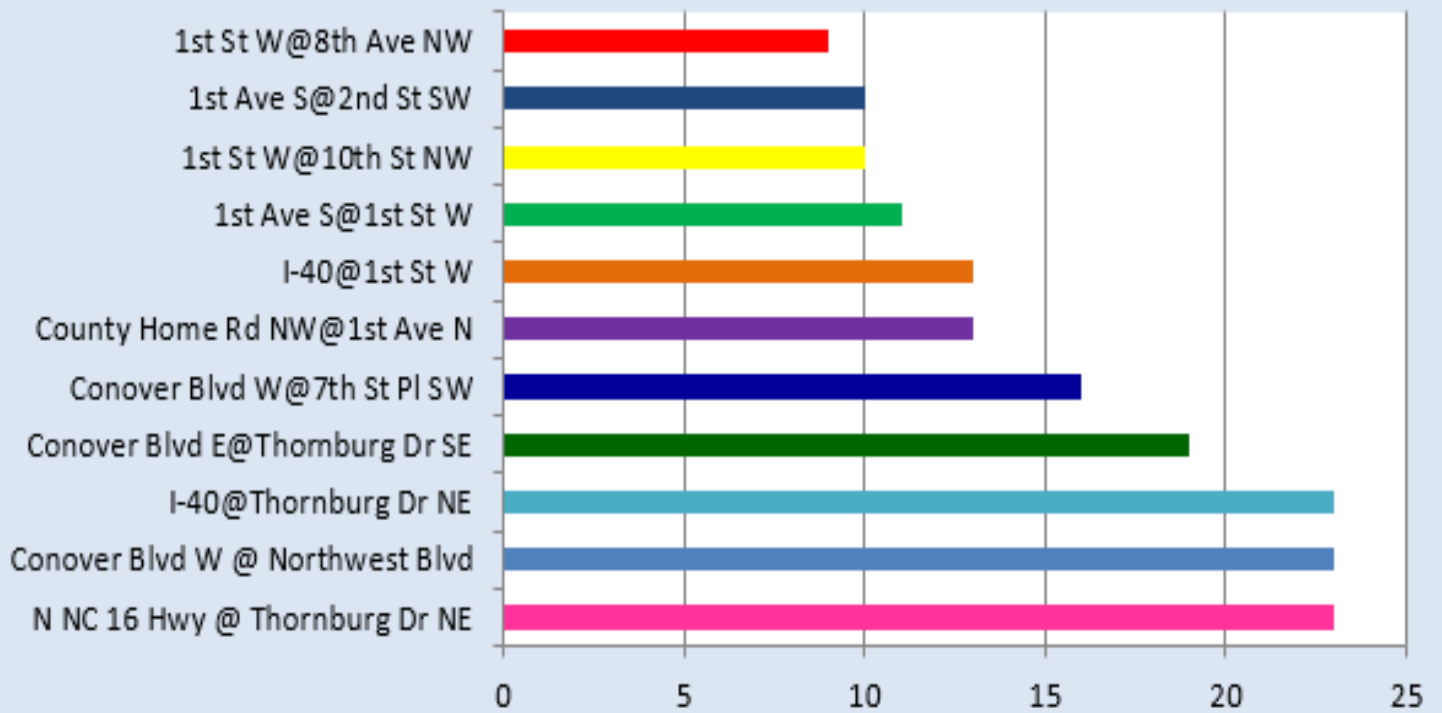

III - Traffic

The population of the City of Conover increases from 8,300 to in excess of 30,000 during the work week. The commercial and industrial base around the City, in addition to Conover being the geographic center of Catawba County with the bisecting of an Interstate, US and NC Highways contributes to the influx of traffic during the work week. The following daily traffic counts document these figures: 1st Street West (Old 70A) – 18,000; 1st Avenue North (NC 16)- 10,000; 1st Avenue South (NC16)- 18,000; Rock Barn Road- 9,300 and Conover Boulevard (Hwy 70)- 15,000. In addition, the new Highway 16 corridor continues to see an increased flow of traffic and it is expected to see a continual increase in traffic as the widening to four lanes project from Charlotte is complete.

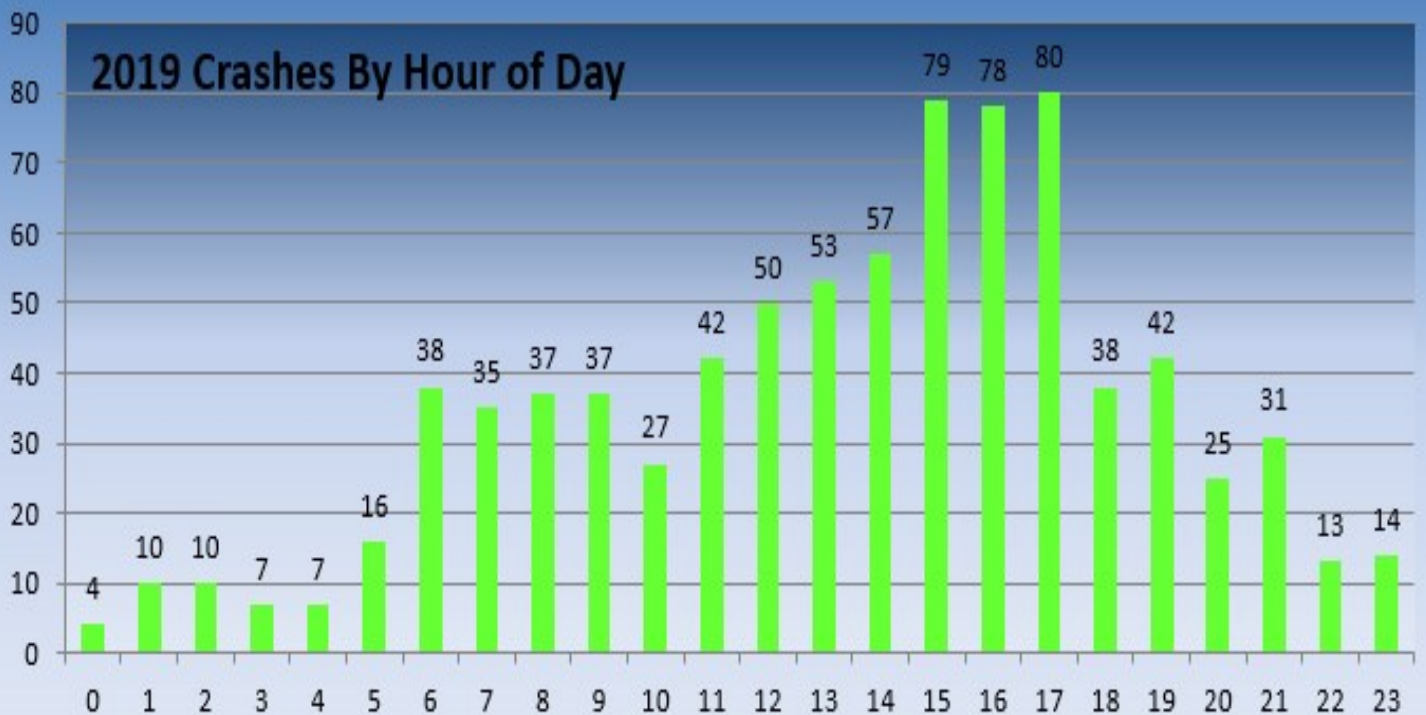

From 2012 through 2019 the City of Conover has averaged 705 crashes per year. Conover continues to have one of the highest crash rates for Cities under 10,000 population. Traffic crashes and traffic related problems continues to be one of the agency's top priorities.

2019 Top Crash Locations

2019 Crashes By Hour of Day

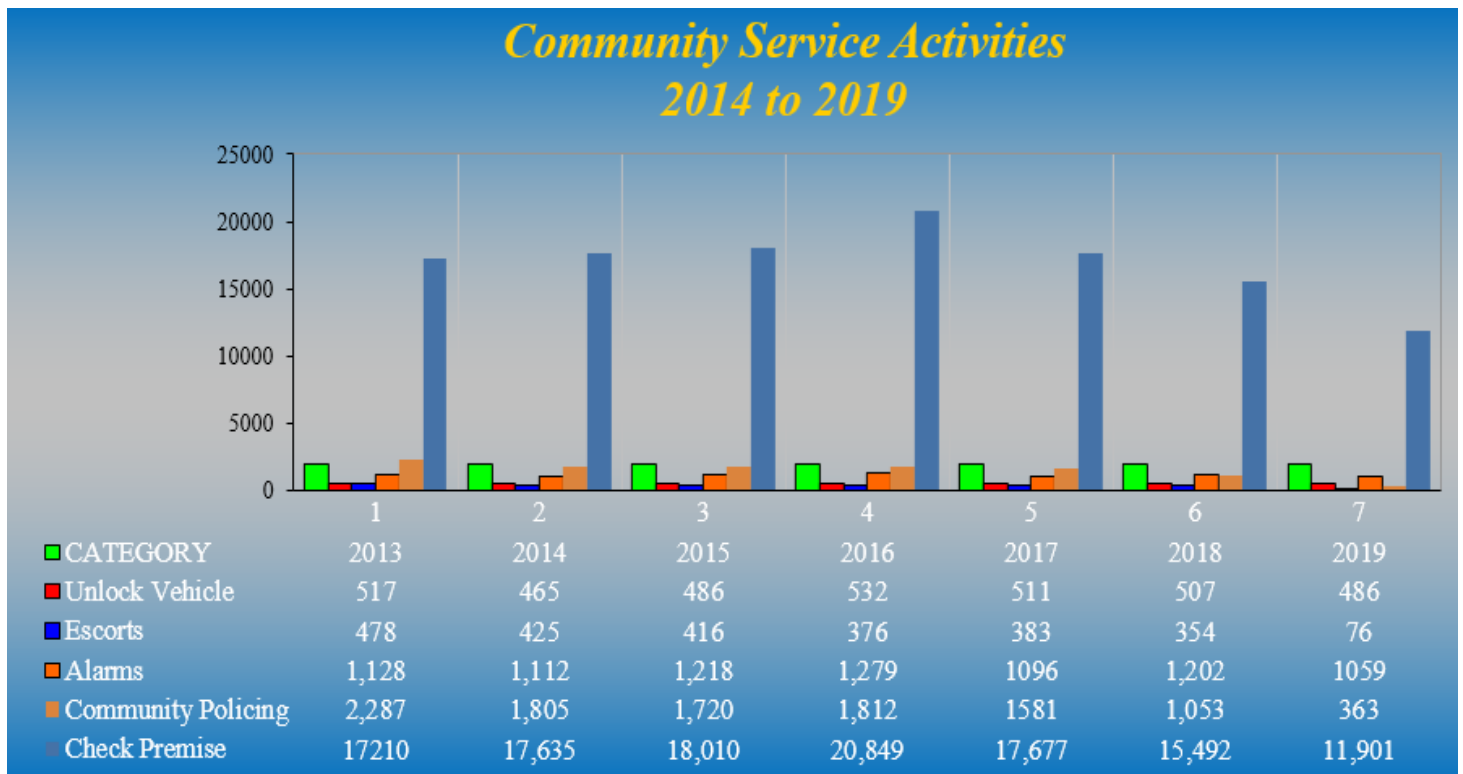

IV - Community Service

The Conover Police Department has a long tradition of community service. This organizational philosophy continues to guide the department and was verified by the Commission on Accreditation for Law Enforcement on-site assessment team's appraisal of the department "... doing it all for their residents, no matter how small the task."

The agency has maintained the community service philosophy during declining economic times and limited budgets. These activities include vacation/premise checks, funeral and business escorts, unlocking vehicles, responding to alarms in addition to the daily community policing contacts in retail and residential areas of the city.

Several of the Community Watch programs have had changes in leadership and have not conducted meetings on a regular basis. Most programs have changed to meeting two times a year. The Southwest Community, Indian Springs, and Brentwood/Cambridge Developments continue to meet and share information with the police department as problems or concerns arise. Community Watch programs have proven to be a positive asset for the department by improving community relations and by educating the community and the police to potential community problems and concerns. The additional eyes and ears in the communities are beneficial to the crime prevention and crime reporting efforts. Major community events for 2019 included National Night-Out, Community Job Fair, Conover Concert Series, Santa Cop Program, and the Explorer program.

V - Special Awards/Projects

National Night-Out 2019: National Night-Out 2019 was held in October with clear skies and accommodating temperatures. This year's event featured The Band of Oz. The City of Conover held its Community Workshop during the event as well. The event was once again held on the Concordia Square and attracted approximately 1,000 people. The Community Workshop, which originally was held in April, allows the different city departments to highlight events and projects accomplished during the year. Other displays included a static display of vehicles and equipment by local law enforcement agencies, local merchants, retailers, the armed forces and food and drink vendors. Attendees visited the various displays presented by the different departments, enjoyed the entertainment and renewed old friendships with their neighbors and friends. This is a great event that receives an enormous amount of support from the community and local businesses. Their support through monetary donations and supplies helps make the event a success each year.

Santa Cop: The Santa Cop program was originally started as a community project designed to help local families in need to have a memorable Christmas. The project has continued to grow and has become a department wide project. Families in need were identified through the Department of Social Services, Probation and Parole and area schools. This was the twelfth annual Santa Cops event.

Donation boxes were placed throughout the city and contributions were accepted from local merchants and others wanting to contribute to the program. Conover Police also received unwrapped toys from a Rock Barn golf tournament designed to benefit children in need. This year the Conover Police Department was able to provide assistance to forty nine (49) families including one hundred fourteen (114) children in and around the Conover area. Conover Police Department was also able to provide assistance to Newton-Conover City schools for their Community luncheon where gifts for over 100 children were provided. They received clothing, toys and food valued in excess of \$4,000.

ANNUAL REVIEW AND ANALYSIS

2019 National Night Out

2019 National Night Out

I - Use Of Force:

Because the application of force on an individual by a police officer is subject to close scrutiny by society the Conover Police Department investigates all incidents involving officers where some level of force was used on an individual. All force must be reasonable and necessary.

Each use of force incident is reviewed by the Assistant Chief for compliance with policy and the reasonableness of force used. The annual review includes Use of Force and Incident reports alleging Resist, Obstruct or Delay of an Officer.

During 2019 members of the Conover Police Department were involved in 28 incidents requiring some type of use of force. The incidents involved a total of 17 officers. Eight of the incidents involved only one officer, twelve incidents involved two officers, and eight incidents involved three or more officers. Eight of the incidents involved the officer pulling their service weapon until the offender(s) could be safely taken into custody. These incidents involved a six traffic stops, a narcotics complaint, and communicating threats. No officer fired his/her service weapon during any of the incidents. Tasers were drawn on nine occasions during; domestics, trespassing, larceny, and warrant. A taser was deployed in two incidents involving felony warrant service and a mental subject. Tasers were used to drive stun combative subjects in one additional incident.

The Use of Force incidents consisted of seven domestics, 2 each of the following; traffic stops, stolen vehicle, larceny, traffic crashes, trespassing, and a suspicious person. One each of the following; narcotics complaint, communicating threats, break & enter, assault with a deadly weapon, mental subject, warrant service, assault, and a checkpoint. None of the incidents identified a policy or training issue. The incidents where multiple officers were on the scene were examined to see if any training or policy needs could be identified that would have eliminated the use of force. There were not any.

Twelve of the incidents occurred at residences. Seven incidents occurred at businesses in Conover. All other incidents occurred in the roadways of Conover. Six of the incidents involved injury to the subject due to the subject physically resisting and the officer having to utilize hard hands to gain control. Three officers were injured as a result of the use of force incidents. All other incidents had no injury to either the suspect or the officer.

The review of the use of force reports and resist, obstruct and delay reports during 2019 indicated all use of force incidents were properly reported, investigated, and reviewed by the chain of command. The force used in all twenty-eight of the incidents was reasonable, necessary and in compliance with policy.

II—Internal Affairs/Complaints

The Conover Police Department investigates all complaints received by the agency. Complaints may be received in writing, in person, by telephone, by email or anonymously. The preferred method is in writing on a *Citizen Complaint and Inquiry Form*.

The agency uses a two-tiered investigative system that involves the First Line Supervisor for minor complaints that may be a misunderstanding of policy or procedures and a formal internal investigation for more serious complaints. Any complaint that may result in criminal charges is investigated as a criminal and an administrative investigation by separate investigators. All Officers assigned to internal investigations have specialized training in internal investigation affairs. The Chief of Police assigns all complaints to either a First Line Supervisor or as an internal investigation.

The agency investigated four internal affairs cases in 2019 which was a decrease from 2018.

External complaints continue to be relatively low. The department utilizes an early warning system to monitor officer behavior that identifies potential issues.

III - Vehicle Pursuits

Police pursuits have high liabilities and receive much attention from the media and citizens. The policy of the Conover Police Department is for an immediate review of all pursuits to insure compliance with policy and a high regard for the safety and welfare of the public. Review and analysis of the pursuits from past years indicated a high percentage of the pursuits began with a misdemeanor or minor traffic violation. The high liability of pursuits and the risk to the motoring public did not justify pursuing for minor offenses. The policy was modified in 2007 to authorize a pursuit only when an officer has a reasonable suspicion the driver or an occupant has committed a serious felony or other circumstances exist that can justify a pursuit.

The policy change has resulted in a significant decline in pursuits. There were no vehicle pursuits in 2019.

The policy changes implemented in 2007 continue to be successful in reducing the number of pursuits that Conover Police officers are involved in. The agency will continue in-service training related to pursuit driving, emergency response driving and defensive driving. A review of the pursuit policy will be conducted during the 2020 in-service driver training.

IV - Grievances

There were no grievances filed in 2019.

This analysis reveals no disproportionate pattern of employee grievances by gender or race. Given this, no changes concerning Conover Police Department employee grievance policy or procedure are recommended. The findings of this analysis indicate no (a) uncommon trends (b) areas for improvement in training (c) opportunities for process improvement or (d) need to provide additional training on the employee grievance process.

V– Bias Based Reporting

The Conover Police Department's policy prohibits race, citizenship, national origin, religion, ethnicity, age or gender of an individual be the basis for a traffic stop, field interview or seizure of property. The agency is not required by North Carolina General Statutes to collect statistical data on traffic stops but the agency, in compliance with an accreditation standard, has taken a proactive stance and voluntarily collects the data and submits it to the North Carolina State Bureau of Investigation.

Citations were issued in 60.15% of the stops in 2019 compared to 66.16% in 2018. Written warnings increased from 2.94% in 2018 to 4.33% in 2019 and verbal warnings increased from 26.98% in 2018 to 31.87% in 2019. In comparison to 2010 Catawba County census data, the traffic stop data is within acceptable ranges for the population demographics.

There were no biased-based complaints or concerns expressed or identified in 2019.

Reviewing the three year combined totals of traffic stops for the department and comparing the ratio of warnings to citations, Caucasians received warnings 35.7% of the time compared to citations 60.6% of the time on the reported traffic contacts. African-Americans received warnings 37.2% of the time and citations 58.6% of the time. Hispanics received warnings 19.0% of the time and citations 77.8% of the time. Asians received warnings 42.0% of the time compared to citations 56.0% of the time. Others received warnings 20.0% of the time and received citations 60.0% of the time.

The traffic data indicates that Hispanics receive less warnings compared to other groups. One reason for this is that the Hispanic group receives a higher percentage of the department's "No Operator License" charges which is an offense that is usually a non-warning offense.

In comparing the total citations issued by the department to the total citations received by each group, Caucasians received 78.6% of the citations, African-Americans received 17.8% of the citations, Hispanics received 16.9% of the citations issued and Asians received 3.1% of the total citations issued for the this period.

There were no asset seizures during 2019.
